An interesting occasion, which all will do well to remember, will be the lecture given here June 5th by Miss Anna Robbins, a W. C. T. U. nurse who recently returned from Manila. The subject of the lecture is "Life in Manila" and is illustrated with many curious objects gathered there by her. The opportunity is not given us every day to hear one who has just returned from a place where all American eyes centered. This lecture is under the auspices of the W. C. T. U.

Seven gentlemen, members of that "stag party" given in honor of W. C. Doane's seventy-fifth birthday which was described in a recent issue of this paper, met again at his home and presented him with a very fine gold headed ebony cane inscribed with his name and date of birth. The presentation was made by C. H. Stearns in a very pleasing manner and responded to by Mr. Doane, after he recovered from the very natural surprise occasioned by their unexpected visit, in an equally pleasing way. The cane was the gift of sixteen who were present at the former party.

ROYAL Baking Powder

Makes the bread more healthful.

Safeguards the food against alum.

Alum baking powders are the greatest menaces to health of the present day.

ROYAL BAKING POWDER CO., NEW YORK.

As Harold Oakes, who works for Fred Prindle, was leading a cow with a rope she jumped and crowded him against a bank on the roadside. He threw his hand against the bank to save himself from falling and struck his arm on a broken glass bottle cutting a gash several inches long. He did it up the best he could and went with it several days when it became so bad he went to the doctor with it. By this time proud flesh had set in and it was in such a condition that it could not be sewed up and now bids fair to be very troublesome.

The death of Mrs. Edgar Cooledge, who has been suffering from a cancer during the past year, occurred last Sunday afternoon. Mrs. Cooledge came to this town to live about five years ago and in that time has made many friends. She was an active member of the Cong'l church and a teacher in the Sunday School and always had a willing hand wherever help was needed. Through her long and painful illness she has maintained a cheerfulness and patience which seemed marvelous to those who knew her sufferings. Although the husband and daughter and many friends, whom she leaves, will mourn their loss they can but rejoice that she has gone to that city where there shall be no more pain and where those that have been faithful are promised a crown of life. The body was taken to Lowell for burial Tuesday and the funeral was held there.

W. C. T. U. Convention.

The Second Annual Convention of the W. C. T. U. of Lamoille County will meet June 5 and 6, in Johnson. Let us come to this convention full of enthusiasm in the temperance work, that we may enthrone others, for we are facing a determined effort to repeal our prohibitory law. We need to exert our influence and intelligently show the evils of intemperance and the doings of a licensed saloon in our Green Mountain State. Drink is the cause of so much crime and sorrow, destroying the home and degrading the caucuses and ballot box. Let us be true to our convictions of duty and do our best that the voters in our home are at the primaries and are convinced that prohibition is profitable. Our National President is watching with interest the attitude of Vermont voters and sends cheering and helpful words while she, with others of the National W. C. T. U., are praying for us during the anxious days.

Three high license advocates of years standing, who had gone to Bethel to hear Mr. Clement expound the doctrine, were talking the matter over on their way home and were asked separately if they wanted or would be willing to have saloons in their own town. Not one was willing to say he wanted a saloon in the town where he lived. This is the test question. Do you want a saloon in your community? If not good for your town don't be unkind enough to vote "yes" and thrust the saloon on my town.
